Deeper is one of the most intoxicating elements experienced by us, blunting our mentality and driving us to most unreasonable extremes. Do These Values Interest You?

In closing out our winter stock, we find we have left about twenty Wool Dresses in different styles. These are odd Dresses, hardly two of a kind, and are those left from our fall and winter stock, and we are putting prices on them so small that you cannot afford to buy a cotton dress in the place of one of these. If you want a medium or light weight wool dress, just look these values over, and if you do not say that they are the best values you have ever seen we will not ask you to buy.

LADIES' WOOL DRESSES.

When you can buy a good wool dress, made from panama serges and novelty goods for less than you can buy the material that is in them for, can you afford to let the value pass?

These dresses are the season's best models, left from our large stock of these dresses and ranging in price from \$10.00 to \$18.00.

Now to close out the lot at once, to make room for our large spring line, we are going to give you your choice of these values at the small price of \$5.00.

If you want a good wool dress you cannot wait and expect to get one of these unless you act at once.

At \$5.00 are three ladies' velvet dresses that are an extra good value. These are our season's best values, that sold for \$15.00. To close at \$5.00.

At one half price a few odd silk dresses in the late fall and winter styles, not much different than the spring models, but are odd dresses. To close at half price.

LADIES' WOOL DRESSES.

Any lady needs a good wool dress for the cool summer days, and when you can get a good dress for less than the cloth would cost, you cannot afford to go without one.

Just step in and look over these values and then, see how much you would have to pay for the goods in them alone.

When you can buy a wool dress that was a good value at \$18.00 at the small price of \$5.00, it does not pay you to spend your time looking up goods to make them, to say nothing about getting them made up. At \$5.00 are some extra values in panama and serges, that are good values at \$10.00 and \$18.00. Think of the price, only \$5.00. It would cost you most double the price to get them made.

We have just received an extra value in a ladies' silk foulard dress, low neck and short sleeve, the new thing. They are well made and only \$10.00 each.

CHILDREN'S COTTON DRESSES.

The line of children's dresses we are showing this spring are different than we ever have shown. The cloths are better and they are made up more as you would make them at home, only they have that touch of finish that is hard to get in home made makes.

The line of little percale dresses in children's sizes at 50c are exceptionally good. In the larger sizes, from 6 to 14 years, you will find the best assortment of popular, fine fitting dresses we have ever shown. These are graded in price according to the size. The 5 year's size cost \$1.00 and the 12 and 14 cost \$1.25.

At \$1.50 are a number of styles that are made of gingham, and percale. These have a style and finish that will surely appeal to you as the best you have ever seen.

From \$1.00 to \$3.00 are some very good values in the large sizes such as 12 and 14 years.
